1. Lightly score the card base on the 5-1/2" side at 1-1/4" on each end (or 1-1/4" and 4-1/4").
2. Put the end of the long side of the card base at 2-3/4" and firmly score down to the first long score line. Move the end down to 4" and repeat. Flip the base to the other side and repeat.
3. Put the end of the long side at 1-1/4" and cut down from the top score line to the bottom score line. Flip the base and repeat it on the other end.
4. Put the end of the short side at 1-1/4" and cut from the previous horizontal cut down to the heavy score line. Move the end to 4-1/4" and repeat. Flip the card base over to the other end and repeat.
5. Add DSP and decorate.
